

SAN REMO LINE

MANUALLY CONTROLLABLE!

This popular Sun Awning range is primarily designed for superyachts needing a practical, high-end solution.

It features a manually controllable tensioning system, providing easy operation for its poles with a reduced diameter, while still ensuring the necessary strength.

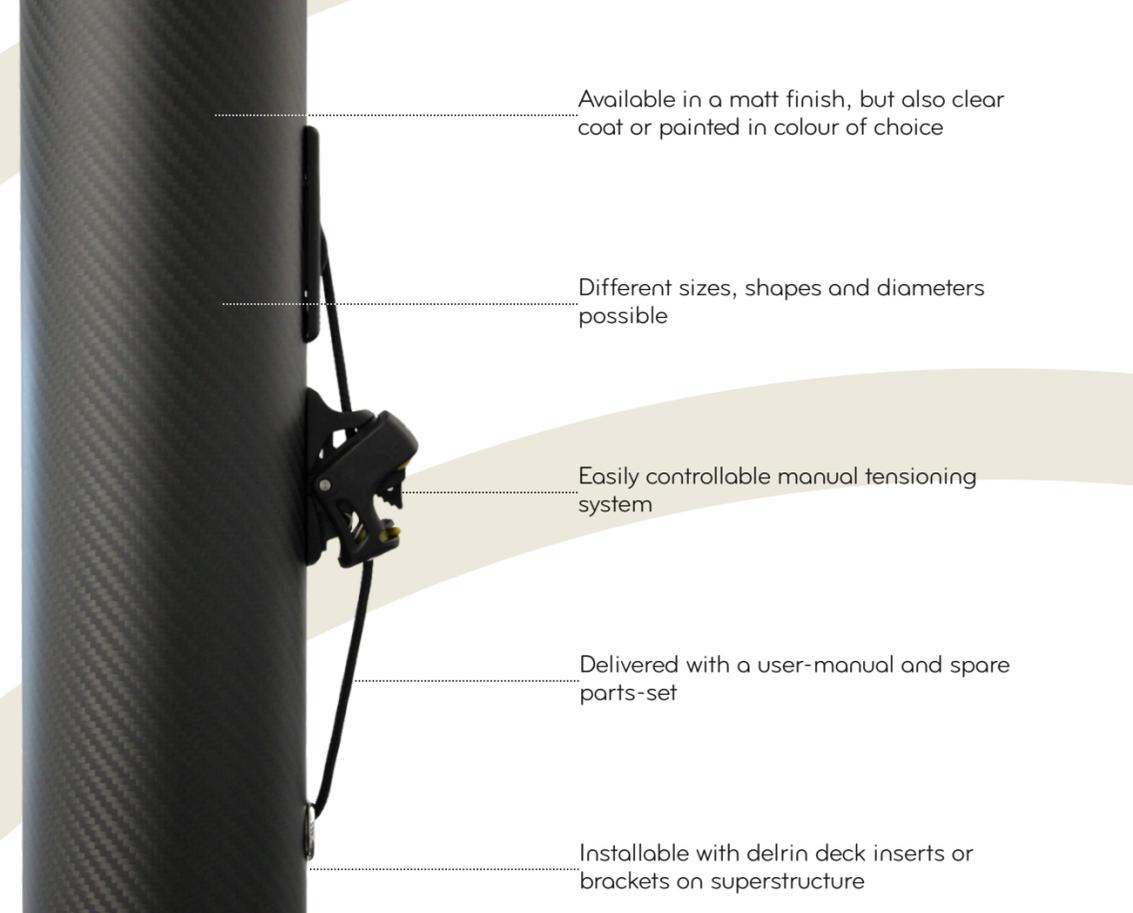

Available in a matt finish, but also clear coat or painted in colour of choice

Different sizes, shapes and diameters possible

Easily controllable manual tensioning system

Delivered with a user-manual and spare parts-set

Installable with delrin deck inserts or brackets on superstructure
